About American TonerServ:

American TonerServ Corporation has recently entered the public markets after more than a decade in operations providing a range of supplies and services for office equipment. The company's stated mission is to become the nation's leading distributor of compatible toner cartridges. American TonerServ (ATS) has assembled a strong management team and advisory group to provide experience and direction as the company looks to expand its existing nationwide service network, and to gain market share in this large but highly fragmented compatible toner market. In July 2006 American TonerServ already completed what it anticipates to be the first of many acquisitions as it advances its expansion-minded business plan.
