## **American TonerServ Management Team Attending World Expo 2007, Imaging Industry's Leading Trade Show**

American TonerServ Corporation (OTCBB: ASVP) announced its Management Team will be attending the imaging industry's leading trade show, World Expo 2007 powered by Recharger Magazine, this week in Las Vegas at the Mandalay Bay Resort & Convention Center. World Expo continues to be the most important imaging industry business-to-business technology event in the world.

According to Mike Ducey, Sr. VP Sales & Marketing of American TonerServ, "ATS will benefit greatly from attending World Expo by identifying potential acquisitions, strengthening vendor relationships, and learning about the recent trends within our dynamic industry. The race to 'own the end-user's print requirements' is packed with formidable competitors. ATS continues to develop and refine the industry's 'best practices' and is bringing them to our acquired partners. World Expo is critical to our continuing effort to stay ahead of the pack."

World Expo is readily revealed in its name: a worldwide gathering of imaging industry members with the goal of product launches, service offerings, peer networking and information sharing. World Expo 2006 attracted 4,900 industry members who were hosted by 285 exhibitors. More than 120 classes were taught by the industry's top names, including ATS's SR VP Corporate Development & Strategy, Andrew Beaurline. World Expo continues to live up to its name as international attendance from many regions of the world, including the Pacific Rim, South America and Canada, made up 27 percent of all attendees.

### About American TonerServ:

American TonerServ Corp. ("ATS"), a publicly traded Delaware corporation (OTCBB: ASVP) is a disciplined consolidator in the highly fragmented printer supplies & services industry. It's looking to acquire and unite independent businesses focused on delivering printer supplies and service to end-customers. ATS offers thousands of customers a one-stop shop for their print management needs by providing equipment, supplies and service for printers, multi-function printers (MFPs), copiers and fax machines.

ATS has developed a very attractive and scalable platform for the estimated 5,000 independent companies providing printer equipment, supplies and service nationwide. In addition to providing the critical back-office component to these companies, sharing "best practices" and creating a "community" atmosphere of the acquired companies is an attractive attribute of their model.

### Forward-Looking Statements

Except for historical information contained herein, the matters set forth above may be forward-looking statements that involve certain risks and uncertainties that could cause actual results to differ from those in the forward-looking statements. Words such as "anticipate," "believe," "estimate," "expect," "intend" and similar expressions, as they relate to the Company or its management, identify forward-looking statements. Such forward-looking statements are based on the current beliefs of management, as well as assumptions made by

and information currently available to management. Actual results could differ materially from those contemplated by the forward-looking statements as a result of certain factors such as the level of business and consumer spending, the amount of sales of the Company's products, the competitive environment within the industry, the ability of the Company to continue to expand its operations, the level of costs incurred in connection with the Company's expansion efforts, economic conditions in the industry and the financial strength of the Company's customers and suppliers. The Company does not undertake any obligation to update such forward-looking statements. Investors are also directed to consider all other risks and uncertainties.
